Cheapskates Secret Super Savers

What is a Cheapskate?

Cheapskate -

a person who is wise with their money and lives life

debt free, cashed up and laughing

Ok, that isn't the official definition of a Cheapskate, but it is mine. Over the years I've been asked many times what a Cheapskate is and that answer is simple.

*A Cheapskate is economical in the use of money, goods and consumable items.

*A Cheapskate avoids unnecessary expense of money or of anything else that is to be used or consumed.

*A Cheapskate is sparing, not extravagant or lavish, but they don't deprive themselves of needs or wants.

*A Cheapskate lives by the creed of: Beware of little expenses; a small leak will sink a great ship . Benjamin Franklin.

*A Cheapskate always gets the most from every dollar.

*As a Cheapskate, frugality is always virtue!

But the thing that really sets Cheapskates apart from spendthrifts is the choices they make.

A Cheapskate chooses to live the Cheapskates way. They choose to save money on the things that aren't important to them so they have the money to enjoy the things that are.

Want to know more about living the Cheapskates way? Sign up for the Living the Cheapskates way e-course here.

If you're serious about living life debt free and cashed up, you need a Platinum Cheapskates Club membership. With a Platinum membership you'll have all the tools, encouragement and support you need as you live life the Cheapskates way.
